Message Body:

My husband has already written a complaint but I wanted to do so as well.

I met Deputy Justin Hobbs when he responded to a call at my parents house. (9186 Military Trail) Since then he has sent me videos and pictures of which I still have should you like to see them of himself with his penis hanging out of his uniform and the other is a video of him playing with himself in his uniform, guns and all. All while on duty. In the video, you can hear the dispatcher on the radio while he was doing that. I have also been on calls with him, via the phone. It concerns me to think that if he is doing all these inappropriate things with me while in uniform and on duty, who else is he doing these things with? And what are people going to think of the Santa Rosa County Sheriff's Office should these photos/videos get leaked? If you would like to see these pictures and videos, I'd be happy to send them over.
